You are invited by the Arvin Community Services District as part of the Arvin Groundwater Sustainability Agency (GSA) to attend a public hearing on July 21, 2022 at 6:00 P.M. to consider adoption of the South of Kern River (SOKR) Groundwater Sustainability Plan (GSP) for the San Joaquin Valley Groundwater Basin – Kern County Subbasin (DWR Basin No. 5-022.14). The GSP was prepared pursuant to the Sustainable Groundwater Management Act of 2014, and California Water Code Section 10728.4. The GSA provided a Notice of Intent to Adopt a GSP to the Kern County Planning and Natural Resources Department and City of Arvin on April 21, 2022. A downloadable copy of the GSP was posted on the District website <https://aewsd.org/water/sgma/> for public review on June 14, 2022, after a public meeting of the District Board. The public, agencies and other interested parties are invited to attend the public hearing and provide written or verbal comments. Comments received during the public hearing will be considered by the District for its determination to adopt the proposed GSP. More information (including downloadable copies of notices and the final SOKR GSP) can be found at <https://aewsd.org/water/sgma/>. If you are planning to attend this workshop, please RSVP to Raul Barraza, Jr. at (661) 854-2127 or via email at rbarraza@arvincsd.com by Monday, July 18, 2022.
